
Morris Centre

WEST OF SCOTLAND'S LARGEST INDOOR AND OUTDOOR VENUE

Hire Our Venue

We are the West of Scotland's largest indoor and outdoor venue. We welcome over 150,000 people annually to over 100 events.

Our onsite team has a proven track record in supporting local, national and international events across our multiple onsite venues. Clients return to the Morris Centre knowing that they'll get dedicated professional support from our event team.

We have the capacity, the versatility and the infrastructure to deliver almost any type of event.

Can we welcome you and your event?

To know more, get in touch with our Events Team on 01560 600 769.

Our Spaces

The Morris Centre offers great spaces for great events. Events like yours.

Our outdoor space covers 180 acres of landscaped and wild parkland, the Paddocks and the Wild Fields along with a substantial area of hard standing. Arena areas can be created in these spaces for sporting & country events. These spaces can host music events, family entertainment, sporting events, team-building and outdoor shows.

Our three indoor spaces can used in combination or individually. The three halls – the Daimler Arena, the Lemiroff Hall and the Ashton Hall are completely multi-purpose and can cater for almost any event: we've held concerts, conferences, meetings, exhibitions and sporting events for clients.

The Morris Conference Centre is a purpose-built conference suite above our Stables Restaurant and can be used for conferences, events, black tie & charity events and training.

On-site services include, but are not limited to, hard standing, car & lorry parking, external fencing, worker accommodation, camping area and power supply. We have dedicated spaces for command centres for large events.

Just 500m from the M77, linking directly to the Central Belt, The Morris Centre is within a 90-minute drive of almost 70% of Scotland's population. That's a lot of potential attendees – and our parking is free.

Outdoors

We are the only West of Scotland venue to offer outdoor space with the facilities to match. We have woodland, flat grassy spaces and, literally, acres of hard standing.

Our site is immensely flexible: we can easily configure spaces to meet your needs whether sporting arena, family entertainment area, adventure race or festival site.

Over 180 acres of space, we can host up to 10,000 people per day. We have dedicated parking for 1,000 vehicles and hard standing for lorries and heavy vehicles.

The Wild Fields and The Paddocks can be combined with our Indoor Venues to make the ideal festival site. And, if you need them for your event, camping, motorhome and caravan areas can be configured.

The Paddocks

We have three large, highly versatile and flexible parkland areas which can be used for all sorts of events. Each area can host a sound stage, making them ideal for festivals or for running several event zones at once.

Whether you need show arenas, an area for family entertainment or just a flat area of parkland for your event, we can help.

The Wild Fields, including the Forest

The Wild Fields, including the Forest, are our dedicated camping, caravanning and motorhome areas. Purpose designed, they allow you to offer a complete onsite experience at your event.

If you want to run team-building, adventure racing or similar events, the wilder parts of the Wild Fields and the Forest are absolutely ideal.

The Wild Fields can be combined with The Paddocks and our Indoor Venues to make an ideal festival site.

Contact the Events Team on 01560 600 769, to see what we can do for you.

Indoor Spaces

The Daimler Arena

The Daimler Arena is the largest indoor space at the Morris Centre. Easy, flat access for build up and pull down mean it is an ideal space for larger scale events such as exhibitions, concerts, sporting events and family entertainment.

It can be combined with the Morris Conference Centre to create an exhibition/ conference package.

For easy movement, the Daimler Arena is linked to the Lemiroff Hall and on to the Ashton Hall.

Suitable surfaces can be laid for equestrian events. The Daimler Arena is a FEI approved venue.

Capacities

Seated: 5,000
Standing: 8,000

The Lemiroff Hall

Often used as an overspill space to the Daimler Arena, the Lemiroff Hall is a broad space with an enclosed arena area.

Smaller than the Daimler Arena, the space is versatile and flexible, often used as a secondary or overspill hall for larger exhibitions and events.

For equestrian or sporting events, the Lemiroff Hall can be used as a collecting area before entrants pass through into the Daimler Arena. Suitable surfaces can be laid for equestrian events.

Capacities

Seated: 1,000
Standing: 2,500

The Ashton Hall

Linked to the Lemiroff Hall, the Ashton Hall is our second largest space and is popular with music promoters, exhibition organisers and those arranging sporting events. It has full level access making it a versatile and flexible space.

Capacities

Seated: 1,100
Standing: 2,750

The Morris Conference Centre

A purpose-build, self-contained conference centre, this flexible space will help you host your conference, meeting event, team-building session or black-tie event.

With a balcony overlooking the Daimler Arena, our conference suites can be used to offer VIP and hospitality packages at concerts and events.

The space is also suitable for small exhibitions and cultural events.

Superb on-site catering from our team of highly qualified chefs supports your event, along with on-site accommodation.

Facilities and Services On Site

As a purpose-built venue, we have most of the facilities and services you need on site for your event. Facilities and services are open during build-up, the event itself and during pull-down.

- On-site security team
  - Space for site security centres
- Parking: cars, lorries and buses
- Onsite campsite with power hook-ups for caravans and motorhomes
- Wi-fi
- Hard standing
- Toilet and shower facilities
- Accommodation
- Catering and café facilities open all year round
- General purpose rooms for parents or prayer

Facilities by Arrangement include:

- Helicopter Landing Area
- Staging and Sound System Hire
- Ticketing Booths
- Barriers and Fencing

Case Study

We've been delivering major events for years, attracting over 150,000 visitors to the Morris Centre year after year. Clients return again and again, knowing that we provide high standards of service, a flexible 'can do' attitude and very competitive rates.

Concerts, sporting events, family entertainment, exhibitions and conferences – we've done them all making us the venue of choice for our clients.

Case Study: FEI International 2* Show Jumping Event

The Morris Centre hosted Scotland's first FEI International 2* show jumping event.
We hosted this event as we:

- Had one of only two indoor spaces in Scotland large enough to take the event: The Daimler Arena
- Could meet internationally laid down standards for hosting the event
- Have a dedicated Events Team who work with clients to make sure their event runs smoothly

This prestigious event saw us:

- Host & cater for 15,000 spectators
- Create temporary stable accommodation for 350 high-value (£10,000 +) horses
- Park 250 lorry style horseboxes on site for up to 10 days, linking them up to power & sanitation
- Accommodate & provide services to over 700 attending grooms, owners and riders on site
- Provide top class catering to owners and trainers – all high-net worth individuals

Potential Site Plan

Main Stage

Stage 2

Stage 3

Parking 500 Spaces
